

## Time Restriction

Time Restrict allows Online Business Banking Administrators to set specific day and times restrictions on their users' access to Online Business Banking. Accessibility is managed per user and can be applied to current or new users.

When day and time restrictions have been established for a user they can only sign in during those time frames specified. This security tool is very helpful in managing and mitigating unauthorized access to Online Business Banking.

Access Time								
Day	Begin Time (hh:mm AM/PM)			End Time (hh:mm AM/PM)				
Monday	08	00	AM	05	00	PM	<input type="checkbox"/> Never on this day	<input type="checkbox"/> All Day
Tuesday	08	00	AM	05	00	PM	<input type="checkbox"/> Never on this day	<input type="checkbox"/> All Day
Wednesday	08	00	AM	05	00	PM	<input type="checkbox"/> Never on this day	<input type="checkbox"/> All Day
Thursday	08	00	AM	05	00	PM	<input type="checkbox"/> Never on this day	<input type="checkbox"/> All Day
Friday	08	00	AM	05	00	PM	<input type="checkbox"/> Never on this day	<input type="checkbox"/> All Day
Saturday							<input checked="" type="checkbox"/> Never on this day	<input type="checkbox"/> All Day
Sunday							<input checked="" type="checkbox"/> Never on this day	<input type="checkbox"/> All Day

All times are: Central Time

Administrator can activate Time Restriction for the users under the Online Business Banking *Services* option for managing users by simply select *User Settings* from the dropdown menu.
